*Dear Lodge's*

*I write on behalf of the Church Wardens and Parochial Church Council of St. Mary's Church at Farnham on the completion of the second phase of the roof repairs.*

*We would like to express our thanks and appreciation for the professional way in which this work was executed. At all times the site was kept secure, enclosed and tidy and we most particularly appreciated your response to our request on a couple of occasions for respectful access for funeral services.*

*The various teams of roofers, plasterers and painters with their cheerfulness, politeness and the necessary sense of humour where a pleasure with which to work.*

*We were pleased when the internal scaffolding was taken down ! Essential for the work to be done, of course, but it made the church seem dark and small. We now appreciate our small church anew.*

*Thank you again for all your work and consideration.*

*Yours sincerely*

*Elizabeth Joscelyne PCC Secretary*
