**St Mary's Church, Wallington**

Dear Sir,

I am writing on behalf of the St Mary's Church, Wallington PCC. We would like to thank you for the skill and expertise shown in the recent rewire and new heating and lighting system of our Church.

Peter Attesley and Chris were very thorough in all aspects of the work, and finished everything to a very high standard, taking much time and trouble in everything, from making sure all the lighting was set up properly, to showing us in detail how to set the timers for the heating.

We have had lots of positive feedback from the villagers and visitors about the work which has been done.

Please forward our thanks to Peter and Chris.

Yours truly

Marty Wilson  
Churchwarden.
